Foreword

THE THIRTY-FOURTH Annual Exhibition of Painters and Sculptors of the Southwest includes examples of work from every section of New Mexico, a total of 256 exhibitors being represented.

This annual art event, known generally as the Fiesta Show, was inaugurated in 1913 in the Palace of the Governors, devoted to housing the archaeological and historical collections of the Museum of New Mexico.

After the rich pictorial and scenic beauties of this State were discovered by the artists of the country, art interest grew so rapidly in New Mexico that ten years after the establishment of the State Museum in 1909, an art gallery was built, where these annual art shows have been held ever since.

This year, owing to the great number of local New Mexican artists and sculptors exhibiting, it is necessary to restrict entrants to residents of the State.

The Art Gallery of the Museum of New Mexico is one of the few art galleries in the world that maintains a strictly open door policy, by means of which any recognized artist may show his work under formal non-commercial auspices. The result is an annual exhibition outstanding in variety and of universal appeal.
